

**Anna Rizova** is the Managing Partner of Wolf Theiss in Bulgaria and one of the most established advisors in the country. She has had central and unique roles in Bulgaria's landmark transactions of the last two decades.

Anna leads a wide range of complex and important transactions and regulatory matters for global companies. Some of her recent mandates include advising South Stream Transport BV on the development of the South Stream Offshore Gas Pipeline, advising on implementation by the Bulgarian Energy Holding of the ITO model under the Third Energy Package, advice on implementation of the TEP into Bulgarian legislation and impact on Bulgarian gas sector, representing key renewable energy generators such as Sun Edison, Lukerg Renew - joint venture of ERG and LukOil, Enel Green Power on structuring and development of projects, access to the grid and other regulatory matters for renewable power in Bulgaria.

Anna was previously Counsel for the Kozluduy Nuclear Power Plant, negotiating the modernization agreements for Units 5 & 6, one of the last significant modernizations of nuclear power plants in Europe. She was then General Counsel of Bulgaria's first mobile operator and Head of Competition at Bulgaria Telecom. Before joining Wolf Theiss, Anna was the youngest country Managing Partner in the DLA Piper global network.
