

**Rob Steer**  
**Partner : Risk and Safety Team**  
**ERM**

Rob has a BSc and Masters in Process Safety and Loss Prevention and has over 25 years of Safety and Risk Management Consultancy experience, primarily in the offshore Oil & Gas industry. Over his career Rob has helped a wide variety of clients assess, understand and develop strategies for managing the Major Accident Hazards and Catastrophic Risks associated with their operations. He has supported the management of HSE Risk throughout the lifecycle of Major Capital Projects and at operational assets.

Rob has extensive North Sea and Global offshore Safety Case and HSE Management experience and has most recently been working with a number of Oil and Gas operators in Europe to develop strategies for complying with the requirements of the new EU Offshore Oil and Gas Safety Directive/Legislation that has come into force.
