

Biography - Yves Le Stunff

Yves Le Stunff has been working for Total Exploration & Production since 1996.

As a geoscientist, he has held various positions both in Operations and in Research & Development. He has been involved in Exploration and Field Development activities in various countries such as Argentina, Libya, Indonesia, Vietnam and Malaysia.

From 2012 to 2015 he has been in charge of Prospective and Strategy for Total E&P Research and Development division.

Between 2015 and 2020 as a Chief Digital Officer for Total E&P, he developed major projects and collaborations in the field of Artificial Intelligence and other digital technologies and was a leading contributor of the creation of Total Digital Factory in Paris.

In 2020 he has been appointed Managing Director of Total E&P Bulgaria and Total E&P Greece.

He is a graduate in Physics from the Ecole Normale Supérieure of Paris (France) and holds a PhD in Geophysics from the University of California at Berkeley (USA).
