

**SŁAWOMIR SIERADZKI**

**Director, International Relations Division, GAZ-SYSTEM**

Sławomir Sieradzki is Director of the International Relations Division at GAZ-SYSTEM – the Polish Gas Transmission System Operator.

His main responsibilities comprise: international and institutional cooperation and representation in sector organizations at the European and international level; European gas regulatory framework; hydrogen system development; strategic planning and development of the regional gas transmission system including new cross-border interconnections and co-financing; business relations with partners and new LNG infrastructure development in Poland.

Sławomir Sieradzki joined the GAZ-SYSTEM Group in 2011. In 2016 he was appointed first as Deputy Director of Development Division, and since 2018 as Director of the Gas Market Development Division. Since 2016 Sławomir Sieradzki has been a member of GLE Executive Committee and the chair of the GLE Advocacy Group within the Gas Infrastructure Europe.
